Besides the already existing issues, the major developments which took place during this session may be put under the following heads-

- Online admission through Gateway system K.S Infotech firm,
- Major construction work done in college

- Formation of Self help groups under which a student teaches a group of students any creative skill possessed by her. In this manner, other students also get benefited without having any financial burden of learning the skill from outside professional centres.
- There was addition of new skill development programmes-Hair styling, Craft/Mural art & Clay Modelling, Dress- designing, Taekwando
- Sports activities took the forefront as the coaches of national & international acclaim were invited in the college to train the interested students who volunteered.
- DOEACC courses- O Level & CCC courses gain momentum in the college with a comparatively large number of registration in these courses at a very minimum fee structure for the students.
- More addition in ICT tools- CCTV cameras (16) ,Electronic Display Board for circulation of Notices in the campus, Computer systems, Printers, LCD Projectors, Cordless mikes etc
