

Internal Quality Assurance Cell

Annual Plan

Session 2023-24

With the aim of providing better learning environment and overall development of the students IQAC plan for the Institute are as follows:

- To request the concerned authority to set up more smart class rooms for effective learning experience of the students.
- To run a proper time table for PPT lectures in smart classrooms for all faculties.
- To apply for NIRF ranking in the session 2023-24.
- To focus on introducing more Skill Development Courses.
- Focus on signing more MoUs with other institutions for the benefits of the students.
- Promotion of Environment friendly campus by taking measures to restrict use of plastic on campus.
- To make Mentor and Mentee system more effective for the overall development of students.
- Organizing Seminars, Workshops, Faculty Development Programmes, Skill Enhancement Programmes for students and staff.
- To inspire Faculty members to undertake research work by writing and publishing more research papers, chapters in books, Authoring books and also applying for Research Projects, with the help of Research Development Cell.
- To add more value added courses for the students.
